In this Who's Who are listed young men and women. our brothers and sisters who have given their lives to preserve human rights and freedom around the world. We honor their memories and service. Some of them died in attacks as did over 3000 innocent Americans in the 2nd WTC attack on 9-11 (the 1st was 2/26/93 ). Many more have been killed in additional attacks such as Boston massacre, mall bombers, road bombers, aircraft bombers etc. Remember the under-wear bomber over Detroit. (If his bomb hadn't fizzled hundreds in Detroit Area may have been killed.) Why have there been thousands of attacks (see Attacks in USA for actual list of attacks) on innocent people since 9-11 all over the world virtually all by members of the Terrorist Religion?
This is an ideology which has been proven by their actions to be a growing threat to us, is anti human rights, anti equal rights for women, and anti US Constitution. Don't take our word for it just look at their actions in other countries. See for yourself at http://www.thereligionofpeace.com/ Stop the killing. Stop the bombing. Stop the abuse of women. Stand up for freedom of speech and our Constitution. This is historically significant. Saving the lives of our children is important.

Old families are listed on pages 6000-7999.

Hundreds of graves are now unmarked at Warren Union and St Clement Cemeteries and many stones are unreadable. Please help Historian Wesley Arnold identify these. Hundreds are children. If you have relatives buried there please contact me at wecare@macombhistory.us while there are still people alive that have some knowledge of who is buried there. These will be saved and published in libraries, and on this free website where anyone can see and print any item in my histories.

**The following message from the grave stands out.**
**DO GOOD WHILE YOU STILL CAN,**
**BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,**
**as I am now you soon will be, prepare thyself to follow me,**
**USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

Franklin Chris Vietnam

**Franklin, Ben** This man is probably the most famous American. He is mentioned here because he had an influence on and helped create our America. He provides an excellent example for young people and every student of history should read his autobiography. Franklin was good at nurturing the common areas of agreement and then maneuvering the discussion into a common consensus. (David Eisenhower) Ben Franklin: was born in 1708, was apprenticed to his brother James 1718 as a printer; he wrote Silence Dogood essays published 1722; established a newspaper; established first library in America in 1731. He was a scientist, diplomat and one of the fathers of our country. Some of the sayings attributed to him are: **Franklin's Maxims:** Silence. **Speak only what will benefit others or yourself.** Order. Let all things have their places. Let each part of your business have its time. Resolution. **Resolve to perform what you ought.** Perform without fail what you resolve. Frugality. Make no expense but to do good to others or yourself; that is; waste nothing. Industry. Louse no time. **Be always employed in something useful.** Cut off all unnecessary actions. Cleanliness. Tolerate no uncleanliness in body, clothes or habitation. Tranquility. **Be not disturbed at accidents, common or unavoidable, or at trifles.** Humility. Imitate Jesus, Socrates, Confucius. *Don't do to others what you don't want done to yourself.* Read his autobiography.
