

**Notable Accomplishments and History of Center Line High School Graduates mainly 1960-64 now but will include all years. This is one of 136 books on Center Line-Warren History a community project.**

**This is a work in progress. Update your name send e-mail to [wecare@dogoodforall.today](mailto:wecare@dogoodforall.today)**

**At least let your fellow classmates know if you are still alive.**

We are writing this history about ourselves and our classmates to see what we accomplished besides just living a life, raising children and acquiring material possessions.

**What happened to the kids we went to school with?**

**We need your help to add bits and pieces here.** So if you know even a little about someone please let us know. This is a community project.

**I can use a little help in this to find those we have lost contact with. I need middle initials, where they lived, spouse name, phone number even an old one. And for those few folks who refuse to call me back. I have 10 nice rewards for those who participate in this. Would a call telling me you are still alive hurt you. Just ask. Visit [CLHS CLASSES 1960-1964 on Face Book](#)**

**E-mail me your accomplishments and what you did in life. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. This is for your classmates and great great grand children. Most great great grandparents are totally forgotten because no one bothered to jot down their history. Tell me or be forgotten. This is going to The library of congress and history archives.**

Many class members want to know who has died. **DRU** means they have been reported as dead but it is unverified. **DV** means it has been verified. We do not have funds to pay for death certificates.

**Deceased are shown in Red**, people we know something about are in **bold** and **Veterans who Served our country are in Blue**. **Alive 2016. means they were alive in 2016 talked with historian.**

RA means reported to be alive. I have had reports of classmates being alive but they actually had died prior to 2016. So I want to verify they are alive with a phone call or e-mail. This only takes a minute but then we know it is actually true and not bad memory or a jokester..

**Privacy:** Addresses phone numbers and email addresses are omitted to protect privacy except for funeral homes. The historian has access to a huge amount of data on classmates which he keeps confidential. If you wish to contact someone you may send me your email or fone and at your request I can give those to who you are trying to contact. It will be up to them to contact you if they want to. In that way privacy is maintained.

**Public information including public records are publishable such as newspaper articles, year book contents etc.**

We are blessed to be at this time in history which has been a time of peace, prosperity, knowledge and understanding, rather than that of the past which were lives filled with, superstition, fear, bloody

battles, pain and suffering.

We are in the now and our lives are like grains of sand in an hourglass. They are numbered. Each day is a gift of life that we can in complete freedom do with as we please. We can be selfish, do good, do harm, even do nothing. But each day has a horrific price. It costs us one day of our life that we can never ever get back. And those days are limited. Whatever you do hope that what you did was worth the price you paid for it. To all of us from dust we came and to dust we will soon return and you can take nothing with you. None of us will escape. We can however leave a legacy resulting from our actions. The best is a legacy of love and of good deeds and actions that helped our family, friends and community. What are future historians going to write about you?

Best Wishes to all from Professor Wesley E Arnold your historian

**This is a concise history but not negative. No disparaging remarks or put downs will be accepted. Just our accomplishments, what we did for our community, and our basic History,** fluff omitted. Example the first person listed below, your historian, earned several college degrees, belonged to many organizations, traveled around the world, was listed in Who's Who and was given many awards. All of this is omitted as it did no good to the community. Also what he bought, collected and acquired are irrelevant. Just paying for a membership in an organization is not an accomplishment so is omitted. That he put his life online to defend the community against a local terrorist cell when he was 70 years old is too difficult to explain so we will call it service as a witness.

**We will pick on your humble historian first.**

**Arnold, Wesley Class of 1962. Alive 2017.** Shy kid, average student. He served our country in the US Army given medals. No big hero just a humble soldier who volunteered to serve his country and got shot at. He was a Red cross Volunteer and taught First Aid, was a scouter and Scoutmaster, saved lives, had a good influence on youth. Was a social worker many years and helped many families. Did some work helping the homeless.

**College Professor** One of the first to install and engineer Solar Panels and powered much of his home with them. Shared lessons to world on Wiki University. **Was a good teacher and college professor and helped his students giving them useful and practical information.** (combined over 50 years teaching useful topics.)

**Wrote and published 150 books, 136 on Local history** recording our local history and genealogy for future generations and helped **preserve our American Freedom and Way of Life.**

**Did doctoral work** on finding the easiest language for humans to communicate between languages around the world **to save lives and help prevent misery** caused by misunderstanding. Published free information on international vocabulary to help with understanding between languages and save lives. See **easiestlanguage.info** **Did volunteer work in humanitarian causes.** Gave away for free his local history books he wrote including DVDs to all who wanted one and

**became known as the humble historian because he spent thousands of hours** recording our local history and put it up on a free website. **macombhistory.us** and **dogoodforall.today** **Helped hundreds of students get college scholarships and helped people get better jobs.** Did volunteer work in aiding the homeless. Was a witness for homeland security against a local terrorist cell. Encouraged people to help each other and help preserve our history, freedom and American Way of Life. See Table of contents for list of books.

Installed solar collectors. Now gets free electricity from our free sun. Best thing is feels independent does not have to worry about power outages. He stated 100 watt solar panels can be had for around \$100, get at least 2 hook up to a battery add a controller \$20. Then you have free power. If you use the new 8 watt LED bulbs they put out light that equals a 60 watt old bulb. You can run 7 of the 8 watt bulbs for less power than 1 of the old ones. You can also run your TV and laptop computers off of this set up with free dependable electricity. Use rain barrels for free water. Have an emergency back up heat

via wood stove which can be hooked up in case gas goes out. Independence and freedom are great.

The picture below is what many of us veterans fought for and many died for and we feel it should be taught to all especially young people and new citizens.

**We Support The American Way of Life which promotes:  
Life, Liberty, Justice and the pursuit of Happiness for all  
through individual Responsibility and Integrity.**

**With rule of law under our U.S. Constitution.  
With each person supporting themselves, family and  
their community to best of their ability.**

**Promotes: use of scientific knowledge, research and  
discussion for solving problems rather than violence.**

**Promotes: Love, Kindness, consideration for all with  
the expectation and code of conduct that  
No one should bring harm to another by their actions  
or inaction**

**and Actions should be based on Factual Truth,  
not hearsay or uneducated opinion from obsolete past?**

**Does it pass the test of Truth based on all of the facts?**

**Is it how you would want to be treated?**

**Humans should be Humane.**

We need the group picture from the last reunion. The above is one from the previous one.

Here is a little info on 120 of our 198 classmates:

**Alexander Edward** shy student of the Class of 1962 allegedly died reasons unknown. **DRU** He was a nice person. If just one person would have befriended him perhaps this tragedy could have been prevented. I was too shy but did see him much. We did not know he was depressed. Learn from this.

After being sent home to die, Lee was cured from "terminal" cancer, at age 1 1/2, using an herbal formula that was developed by an American Indian, who resided at 8 Mile and Woodward, in 1946. In his 20s, he repeatedly visited the Indian and begged for the complete, five herb formula, which he eventually got and then began healing cancer in others and succeeding! He worked on the mural that stood, on the wall in the hall, beside the principal's office, at Center Line High, in 1960 and it remained there for many, many years before being removed. He has "died" three times and come back! He was diagnosed to die three more and survives still! Also, Lee has survived the many "regular" scrapes with death, the normal teenage near tragedies and more recently a 22 car wreck on I-75. Lee has three degrees and taught and counseled in high school, but mostly middle school, for 22 1/2 years and loved every minute with the kids. With his illness experiences, he has researched disease and now heals, for free, most any illness, but cancer remains his most satisfying one to heal--he has never lost any type cancer "patient" in over 48 years!! Lee has invented a brand new, 100% effective hydrotherapy and a simple, unique sleep system that allows deep sleep in a few minutes and requires only 4-5 hours in bed to totally refresh each night, he's reversed alzheimers, heart disease, blindness, diabetes and many, many other illnesses. For the last 19 years, Lee, a non-gambler, has made a living, and financed his healing and research, by playing casino blackjack and has an e-book in the "works" describing his 90% plus, winning technique. After two failed marriages, Lee has finally found ("Why did you make me wait so long, God"?, he asks.) the "perfect" woman, "meant" for him, who is the love of his life and he plans marriage soon!

Hank was born to Francis Henry & Dorothea Louise (Petko) Kaminski Sr. January 4, 1944 in Philadelphia PA. He enlisted in the US Army in 1961-1967 as a Medical Specialist where his official Overseas Duty Station was the Korean DMZ. Hank was a Life Member of the Veteran of Foreign Wars and Past Post Commander to VFW Post 2492 Imlay City, Michigan as well as a Life Member of the Vietnam Veterans of America, Oakland County MI. He worked as a Master Injection Mold Maker for over 30 years in the Detroit Michigan and surrounding areas. One of his many passions was his Hands-On Traveling Military Museum (The Last Firebase Traveling Military Museum) of Vietnam Era Relics for children and adults to have a real understanding of what our soldiers wore and used on a daily basis during the Vietnam Era.

**Karasinski Frank DV** CLHS1962 Warren Owned and ran Collision shop at 10 mile & schoenherr Frank Karasinski, Sr. November 27, 1943 - April 5, 2015 Warren, Michigan Frank Karasinski Sr., age 71 of Warren, died Sunday, April 5, 2015 at Harper University Hospital in Detroit. He was born November 27, 1943 in Hamtramck, son of the late Frank and the late Mary (nee: Pash) Karasinski. Hamtramck born and Center Line educated, Frank was a proud graduate of Center Line High School where he was an integral part of the school's football team. He was all about football, and it was, unquestionably, his favorite sport. It didn't matter whether he was playing it or watching it, the love of football pursed through his veins and provided countless hours of sporting pleasures. As he got older, his football interests turned toward the iconic University of Michigan Wolverines, with whom he was an avid fan and season ticket holder for many years.

Possessing strong work ethics and an entrepreneurial spirit, Frank's career path was focused within the realm of an automotive collision shop,...more impressively by the fact that it was his own shop! Owner & proprietor of Frank's Collision, located in Warren near the Frazho & Schoenherr area, it was a dream transformed into reality and an important part of the local business scene of Warren.

When he wasn't working, Frank enjoyed a host of pastimes that provided the perfect getaways and escapes from the demands of the job,...one of which was the fun and excitement of the many trips to the casinos he enjoyed. Giving Ol' Lady Luck a run for her money was a challenge Frank was always up for,...and one that took him to many destinations both local and international. With another of his pleasures being the love of travel, Frank's portfolio included such casino-friendly spots as Acapulco, Florida, Mississippi, and Myrtle Beach, South Carolina. Some of his other travel highlights were experienced aboard the cruise ships he sailed over the years.

Frank was also quite the golfer, and rarely turned down the opportunity of spending a sunny day on the links. Along with the sporting pleasures that the game of golf afforded Frank, it also provided him the opportunity of extending his charitable heart as well. From the local tournaments in association with the American Polish Century Club, to the outings that supported the efforts of the Wounded Warrior Project and our veteran's, Frank's giving spirit and playfulness were always the perfect blend and balance of a man who had much to offer,...and much to enjoy.

Frank loved his country music,...and every now and then, a feisty polka. He loved a good meal and often gave his taste buds quite the workout. And perhaps most profoundly, Frank loved the girls. Known affectionately as a "Ladies Man,"...Frank possessed a smooth and infectious quality that made him irresistible to the softer sex, and a legend to all his counterparts. Always in fun, Frank simply enjoyed sharing his outgoing personality and bringing others along for the ride. A loving father, grandfather, uncle and brother, Frank leaves behind a storehouse of precious memories to draw upon with each reflection shared. He touched a multitude of hearts and souls along his pathway in life, and will truly be missed. Go Rest High, dear brother,...safe in the arms of God.

**Lawrence Linda Diane** CLHS1962 **Alive 2016.** married Halifax and married Billingsley Sterling Heights Do you remember the A and P store on Van Dyke? If so you might remember Margaret Lawrence Hairstylist Beauty Salon Across the street from there. My mom and I lived above the beauty salon. Business was good for her and she was able to pay off that building in three years. Despite that she died at a young age of 68 and had very little. She did die happy though in her beloved Jamaica. She raised me with maids, Cadillacs, nice trips, and lessons in everything. I fell in love at 16 with a young man from Lincoln High who also worked at the A&P store. I finished beauty school just after high school which made it easy to not go to college. Karen Roose and I were all set to dorm together at Oakland University but because I had a career and was in love I chose not to go. My mother was happy since I was an asset to her business. Getting married and having children was always my goal in life which she never understood. We had three handsome sons with his blue eyes and for ten years we were, to my estimation, quite happy. After fourteen years he left. He was a good provider and I loved him so much. He broke my heart. I had been going to Macomb for Medical Assistant classes when he left. I completed that, living at poverty level. He was faithful with child support and with doing hair in my basement and renting out a room, I was able to get accepted and complete the RN program at Macomb. It was not easy to get into the program but once I got in I did very well. My children were 11,9, and 4 when he left. I rented a room to a sweet lady who shared my love of nursing. She was glad to have a family and she watched my youngest child while I went to school. She was my angel. After five years of working and gaining confidence as a single mom, I met my now husband of 30 years. We settled in Sterling Hts for ten years and his retirement age I developed lung cancer. So after working 14 years, mostly in ICU at Macomb, we retired in Evart MI near Clare on a little lake called Lake Miramichi. All through my life my church was very important to me. I don't think I could have stayed up north if it hadn't been for our church. They are family to us. So I am 71 now and Richard is 76. He is a trustee at our little church and keeps very busy since retiring from Ford Motor. Our retirement years have been good.

Only this time God was part of the equation; been married now for 40 years and going to Hawaii this summer.

What prompted me to retire in 2009 was that I gave my wife one of my kidneys (perfect match) in 2008 just before I retired and I had a stint put in 2 years ago, other than that we are fine and blessed to still be here.

We have driven to Alaska twice and spent two summers there 1989 & 1990 Have traveled thru out the US & Canada Merna and I have enjoyed serving the Lord since 1977 and will continue to do so until He calls us home.

We live in sunny Phoenix Arizona for the past 25 years. Have a Granddaughter that lives in Madison Heights Mich. She is 18 and going to school to be a Vet. (loves animals).

Sounds like you have been keeping very busy, thank you for all the stuff you have done over the years it has helped many people. Thank you also for your service to our great country.

I think I could write a book with all the crap that I have been thru, but as it is we just share with as many as possible God's Love and Grace that He has shown to us. That's about it for me Wesley, our health is holding up ok so far. Have yourself a Merry Christmas and a great New Year; be safe and take care of you!!!

William Cyrenius Randall December 25, 1943 - February 24, 2010 Resided in Warren, MI

Obituary Randall, William Cyrenius Age 66. February 24 2010.

Beloved father of Tina (Harry) Rahn, Danielle (Mike) Ziulkowski, Shellie (Jay) Bresette and Shane Randall. Loving grandfather of 7. Dearest brother to Delores, Shirley and the late Geraldine. Dear friend of Elmer Davenport. He will be greatly missed by many relatives and friends.

Mr. Randall was an active member of Tri-County Twins Club; he coached and managed a baseball team through St. Malachy Catholic Church. He worked in the plastic industry but he ultimately retired from Lionel Trains. Together with his dearest friend Elmer he opened a train hobby store "Wild Bills Trains." Mr. Randall loved hunting, fishing, camping, playing cards (mainly pinochle), baseball and the last but not the least he loved dogs.

Visitation Monday 2 to 9 pm. Funeral Tuesday 10:00 am at A.H. Peters Funeral home 32000 Schoenherr at Masonic (13 ½ Mile Rd.), Warren.

**Ribbing William served his country in the US Coast Guard for 20 years retired** in New Orleans as a Warrant Officer in 1982. Helped educate us through very informative posts and emails. He has informed many of us. Hi Wesley, You can add a bit to my historical record. After retiring from the US Coast Guard, I remained in New Orleans. I had already traveled half way around the earth and back. I became Quality Assurance Manager for a private Company, and started My Own Company named BR Industries, Inc. providing services to the contract companies servicing Avondale Shipyard while they were building five Navy Ships. My contracts included all five ships.

Upon completion of the contracts, I accepted a teaching position at New Orleans Regional Technical Institute providing students with a career in Non-destructive testing of metals. I obtained a teaching Certificate, and a Nuclear Materials handling license for the institute, and as Radiation Safety Director for the Institute, I taught, Radiography, Ultrasonic, magnetic particle, and dye penetrant, testing of metals and welds, and wrote the state curriculum for the position in All Louisiana Technical Institutes. My course included Nuclear Physics and Radioactive Materials Handling and Safety. Most of the students, upon graduation, obtained jobs in the Non-destructive testing companies providing a service for the petrochemical companies x-raying oil pipeline welds offshore, or equipment maintenance in the Oil and Chemical plants around the Gulf of Mexico.

I was then hired into Management of one of the Non-destructive testing Companies, and held Radiation Safety Classes as Director for several Companies. As time went on, I found myself as Head of Quality Assurance for A Steam Turbine and Rotary Compressor Company that is internationally known in the Power Generation and Petro Chemical Industries in New Orleans.

Working for them, I was able to have a specific Ultrasonic Testing Procedure that I developed, published in the American Welding Society that became widely used in the industry. I was also able to create the documentation and procedures required to obtain International ISO Certification for the Company.

I finally retired a second time at the age of 58 and moved to Wyoming. Four years in the -40 degree winter temperatures with blinding snow storms, provided me with the incentive to return to Pensacola, Florida where I remain to this day.

I have six grown adult kids, (Five boys and one girl) and 13 grand kids and three great-grand kids. I have been fortunate to locate my father's family in Sweden and learned of my Swedish Heritage, and spent a two week vacation traveling around Sweden meeting all my relatives in 1996, and we maintain communication to this day. Our family count is over 115 persons, scattered from Australia, throughout the United States, Sweden, England, The Netherlands, Vietnam, Spain, and Ireland, and growing larger every day. My latest goals are plans to revisit many of my past venues and maintain family ties and visits across all locations where family reside. I am now the eldest Family member, so my historical records need to be passed down to the next generation

**Turner Dwight Baxter** CLHS1962 **Alive 2016.** married Barbara McGredor TX 76657 **Marine Corps Reserve** , Truck driver, restaurant manager Minister for Jehovah's Witnesses sales manager for van conversion plant. Oct 31 2015 Believe or not Wesley, I live in a nursing home in Waverly, TN . I've been here 3 and one-half years. I had 3 different strokes. I'm doing just fine otherwise. Arguably, I'm in my right mind; can't walk and half talk. My beautiful wife of 47 years has been a God-sent. I'm in an electric wheelchair and have a mini-van with a ramp. My wife is my Chauffeur. I married the former Barbara Ebert of Onaga, Kansas in October 1968. We were married in Onaga. We have 5 daughters, 10 grandchildren, 2 great grandchildren. We spent the first few years of married life in restaurant management. The last several years, until retirement, in van conversations. I was a factory representative for a small company in Mississippi. I've been retired since 2006. Had my first 2 strokes in 2007. Then the big one in 2012. That was the stroke that almost killed me and put in the nursing home. To answer the question "what have you done with your life?", I'd have to say, it's been my life as one of Jehovah's Witnesses. There's no substitute for knowing the truth of the Bible. It's awesome to see the big picture of Jehovah's purpose for the Earth and mankind. I just wish everyone could see it, but they can't. (2 Corinthians 4:8) I have to wonder if any of the class

of '62 are now Witnesses of Jehovah.

**43 IS THE SAD TOTAL** OF DECEASED IN CLASS OF 62 THAT WE KNOW ABOUT so far but we have only contacted about half of our class.

**BUT THERE ARE PROBABLY SEVERAL MORE** because no one reports them. **By 2062 everyone in this entire document will be dead and unless a history is done they will be forgotten.**

**Don't forget to also e-mail me your accomplishments. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. If you don't tell me I can't add it and your great great grand children will probably not be able to read about you. Most great great grandparents are totally forgotten because no one bothered to jot down their history. Tell me or be forgotten. This is going to The library of congress and local history archives.**

**Don't forget to also e-mail me your accomplishments. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. If you don't tell me I can't add it and your great great grand children will probably not be able to read about you. Most great great grandparents are totally forgotten because no one bothered to jot down their history. **Tell me or be forgotten.** This is going to The library of congress and local history archives.**

**Savine Jennie** CLHS 1963 **Alive in 2016** Jennie Savine-Suhy Maryliw I received a bachelors and masters from Wayne State University. I also received a second masters from Michigan State University. I was in nursing for 33 years, the last 20 as a Family Nurse Practitioner. I loved my profession. But the true joy of my life was my three children Michael, Maria, and Andy. Being a mother and now a grandmother is the best! We have lived in Greenbush, Michigan (just north of Oscoda) for the past 20 years and we **own and run a resort (Stefan's R & R Resort) on Lake Huron**. My favorite teachers were Mr. Snook and Mrs. Grates.

**Don't forget to also e-mail me your accomplishments. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. If you don't tell me I can't add it and your great great grand children will probably not be able to read about you. Most great great grandparents are totally forgotten because no one bothered to jot**

down their history. Tell me or be forgotten. This is going to The library of congress and local history archives.

**Don't forget to also e-mail me your accomplishments. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. If you don't tell me I can't add it and your great great grand children will probably not be able to read about you. Most great great grandparents are totally forgotten because no one bothered to jot down their history. Tell me or be forgotten. This is going to The library of congress and local history archives.**

**Don't forget to also e-mail me your accomplishments. Ladies your raising children is a major accomplishment and one that is most important in our America. Those who served in the military or were fireman or police please mention that. If you worked and supported yourself that is an accomplishment. If you went to school after your graduated that is an accomplishment. If you don't tell me I can't add it and your great great grand children will probably not be able to read about you. Most great great grandparents are totally forgotten because no one bothered to jot down their history. **Tell me or be forgotten.** This is going to The library of congress and local history archives.**
