

## Burials By Year at St Clement Cemetery Center Line Michigan

Most also have location in cemetery listed.

But if burial year is not known, then birth year is given for reference. When we have common names we need some kind of time reference to differentiate persons. Burials started being recorded here in 1854. The records, including Church, Village, County and State were either not kept at all or so poorly kept that we have to rely on family histories. If you have any information at all on a relative, please give me that so I can put it in the history books and preserve it for your great grandchildren to have. Please talk to old timers, look for family records.
