

World War II was from 1937-1946. 404,997 Americans were murdered, 15,000 from Michigan (John Kern 57) The Detroit Arsenal in Warren built 36,000 tanks. Hydromatic built ship guns. There was great need for workers at these plants and a big shortage of housing, sewers, and schools. The government sponsored a trailer park at 11 and Van Dyke, Cramer Homes, Arsenal Acres and other housing projects and created jobs. Victory and other schools were built. Many new industries were started. Lots of jobs created.

Before and during the war the Germans starved and butchered several million innocent nonviolent people including women and children and cremated them in ovens. The Japanese attacked other countries cruelly killing and brutalizing the populations then they attacked our fleet in Pearl Harbor Dec 7, 1941. The Germans and especially the Japanese tortured, raped, starved to death and even killed people by slow starvation torture and mutilation.

Historians outside Japan estimate that at least five million captive foreign civilians and prisoners of war were brutally murdered by the Japanese military between 1937 and 1945. To that figure, can be added hundreds of thousands of victims who were slowly murdered by starvation, disease, and beatings in Japanese prisoner of war and internment camps, and hundreds of thousands of women were brutally raped by Japanese soldiers. The appalling rape figure includes two hundred thousand women in Japanese-occupied countries who were forced into

sexual slavery in Japanese Imperial Army brothels. Finally, we cannot forget the terrible fate of hundreds of prisoners of war who were murdered by the Japanese Army's infamous Unit 731 in the course of horrible biological experiments. The Japanese excelled in thousands of horrible atrocities to innocent persons including women and children. They would beat people daily and torture them. The **Japs favorite sport was cutting a persons abdomen open so the intestines would fall out then allow them to die painfully over several days.** Another favorite Jap sport was using helpless innocent persons for bayonet practice stabbing them and torturing them. The **Japs performed brutal, painful, often repeated, torture on our American Prisoners of war. They slowly cut off body parts to make the maximum pain then let our man suffer and die very slowly.** And one more favorite Jap sport was seeing how much work they could get out of people by not giving them food. Millions were slowly killed or starved to death. There is no excuse for humans to treat others with cruelty. We must have a code of human conduct.
