Meanwhile the higher ups have managed to get big raises. There is something wrong with this situation.** This is not the American dream. Generations before us worked and expected that their children would have a better way of life. For thousands this will not happen. Here are verifiable facts.

On 9-11 2001, almost 3000 innocent Americans died in four suicide M bomber attacks the 2nd WTC attack (the 1st was 2/26/93 killed 6 injured 1000 also by them). Remember the Times Square bomber, under-wear bomber over Detroit, the Ft Hood killer was a well educated American M who shouted praise to Allah as he killed 13 and wounded 31 Americans, & Boston Marathon. Why have there been hundreds of attacks since 9-11? According to the Quran they are commanded in many verses such as 9-111, 9-123, 2-189-191, 9-5, 9-29, 9-57, 3-84, 8-67 to kill non believers. Read them yourself. They think they go to heaven if they die killing non believers. I have their law books. They want Sharia law in which: women and girls do not have equal rights as men, other religions are not tolerated; non believers have less rights and can be legally killed. The religion of terrorists teaches that it is OK to have sex with girls because their prophet married a girl named Aisha who was only 6 years old. There are Thousands of “child brides” forced to be slaves. Do a Google search on “child brides” see for yourself. Check it out. Little girls, become slaves. suffer fistula, die. Child trafficking is on increase here. This cult condones “Honor” killings, even in USA. This has happened in Sterling Heights. We veterans have lost brothers (They also died for our freedom of speech) We are offended by people who want to deny the truth. We veterans are offended by their killings of Americans and their refusal to become Americans. There is lots of room for them in countries that support their anti American, anti Human Rights ideology. **We veterans speak the truth. Many of us have seen these things first hand. Ask us we can verify this is the truth. But Don't take our word for it just look at their actions in countries where they are a majority. Much is hidden from public. Check it out for yourself. 3,200 innocent American civilians and 8,280 of us have been killed.**
