

Responsibility was taught

Above left workshop of Ben Schmidt famous woodcarver. Below beautiful Elm lined streets were paved and livestock even chickens and wooly Angora rabbits was outlawed even though they didn't bother anyone. The milky way became invisible.

TIME MAGAZINE 1956: "TEACHING FIREARM SAFETY IN THE CLASSROOM."

RIFLE CLUB - Herb Crook, Mr. Gipprich

Government should look out for the health, safety and well being of all citizens not just its employees and congress and should be the employer of last resort for those out of work. **Many private organizations are gathering info (often wrong) about you and offering it for sale to anyone** including foreigners and it can be used against you. **Do a search on yourself with Google and Intellius.com and see for yourself.** We

need to act to protect ourselves now. Too many in our pop culture of today are TV/ entertainment addicts who are uninformed about what is happening in the real world and even in their own local areas. They can tell what is happening on TV and Idol but are unaware what RFIDs in

their wallet, clothing, shoes, objects and transponders in cars phones, utility meters, cable boxes, and big brothers have potential for. Many just don't care. And they are totally unaware of the fact that there several groups working on the taking their money and taking away their free way of life. **Thousands of children**

here do not have adequate food, dental care, medical care, and quality education. There needs to be exams for each grade otherwise too many just make little effort to learn and their time in school is wasted. **America is already behind many 3rd world countries.** By 2012 in Warren record numbers of families (5,000 said J Fouts) faced foreclosure. And there were also record numbers of homeless families including children. The greedy bankers often did not work with families. There were over 1200 homeless in southern Macomb County, many children. Warren 2010 census showed a population of 134,056. People from Detroit and many foreign immigrants moved in. There is constant change in Warren with new buildings and businesses replacing old ones. Let us work for positive change to help all families have a decent standard of living. Support creation of jobs for all now. Get informed, Be vigilant and Be prepared. We can learn from history and apply it to the future for a better life for all. Perhaps we can have again Clean Air, Jobs for all, and a Kind Caring Spirit of Community. But we need to learn from history. See <http://dogoodforall.today> for much more including nice videos and music.

Sincerely, humble historian Professor Wesley E Arnold
