

Historic Sites of Warren Township

The structures may be gone but the site remains. There are many sites of historic interest and many that are hidden inside buildings such as old log cabins. As time goes by old structures are torn down and new ones built. All of our little creeks are gone which did have fish, crawdads, frogs and other wild life. Our wild life is for the most part temporarily gone but will return after mankind is gone. Earth abides. Earth will abide for a long time after mankind in his foolishness destroys himself. But even our Spaceship Earth is destined to be burnt to a crisp when our sun dies long after we are gone. Center of Warren is 11 Mile and M53 = 83°1'39"W, 42°29'28"N = -83.0277639627, 42.49120

Locations below are in miles N of listed Mile Rd & East of N/S rd Codes were made to show spot on map. Dq=Dequindre Ry=Ryan Md=Mound VD=VanDyke Hv=Hoover Sr= Schoenherr Hs=Hayes Cr=ChicagoRd
