Hundreds of graves are now unmarked at Warren Union Cemetery and many stones are unreadable. Please help Historian Wesley Arnold identify these. Hundreds are children. If you have relatives buried there please contact me at wecare@macombhistory.us while there are still people alive that have some knowledge of who is buried there. These will be saved and published in libraries, and on this free website where anyone can see and print any item in my histories.

The following message from the grave stands out.

**DO GOOD WHILE YOU STILL CAN,
BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,
as I am now you soon will be, prepare thyself to follow me,
USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

Many of these epitaphs cannot be read because of weathering or because some may have been ripped out by Warren's Hysterical grave robbing society. Any memorial they do not like they just rip out. Note that in nearly 170 years families could place memorials to loved ones without fear of someone stealing them out of Warren Union Cemetery. That changed in 2011.

How would you feel if your brother was killed at 19 and someone ripped out the only memorial that had his name on it.

The gang now has ordained themselves cemetery gods and have written rules that allow them to rip out without public hearing any memorial they don't like. And they have ripped out **several** memorials which they did not own without just cause from Warren Union Cemetery which they do not own. They have stolen the only granite records of many of Warren area soldiers. A Warren man who put his life at risk deserves at the least to have his name on a granite memorial which may be his only historical legacy. Thousands of soldiers died and to have their only memorial ripped out by those to whom they died to give freedom to goes beyond insult and disrespect and borders on treason.

We veterans condemn these actions.

Much of our history including the story of many of our Warren boy soldiers has been lost due to just not being written down. Why do I call them boys. Well just look at the ages that most of our soldiers were when they were killed. Many were in fact still in their teens.

According to the Warren Police, WWJ, and Macomb Daily officers of

the Warren Historical Society are behind the stealing of at least 5 expensive memorials from Warren Union Cemetery. They do not own the cemetery or the markers, They did this secretly without just cause, without a public hearing, without notification to the membership, or vote of membership or Warren Village Commission or City Council or even property owners.

They robbed Warren's Unknown Soldier memorial from a grave and they stole a memorial that listed Warren soldiers who are buried there. **This was the only memorial showing the names of these soldiers. Nothing was found wrong with these memorials in a later public meeting** And they stole the memorial to all veterans and to those who died on attacks on our country (many families were affected by Pearl Harbor) and 9-11 (including over 400 policemen and firemen among the 3,000 killed) and they stole another that stated what our flag stood for and yet another that honors those many children and pioneers buried there without markers. **These memorials were causing no harm. There is lots of room for them. They posed no threat. There is nothing disrespectful or wrong about these memorials.** The memorials were there to honor men who died and to educate visitors especially young people who no longer learn about history in school. The Hysterical grave robbing gang actually has a written plan to steal more markers they do not like, without public notice, and several more markers are now gone including an expensive family's epitaph robbed from a grave.

We veterans who survived wars speak for the soldiers buried there. Many veterans went through hell, were wounded, saw friends die, heard the pain filled screams of mortally wounded men, put friends body parts into body bags, accompanied friends caskets home. We served our country with honor and integrity. We feel it is wrong to steal soldiers memorials and especially ones which show soldiers honored service to future generations for whom they fought and died. They at least earned their name on a granite memorial and this grave robbing gang has no right to steal soldiers memorials they don't own out of our cemetery. Now visitors including young people will not be able to see who these soldiers were. Now many of our soldiers have no marker at all because the only one they had was stolen.

It appears that the persons who did this are now so ashamed of their actions they are now trying to blame others. This was not an action by the historical society rather just two persons. The membership or public had not been informed and The Village Commission did not vote on this.

Taking property that is not yours is called stealing and when it is worth several thousand dollars it is grand larceny. It has been over a year and they have not returned or replaced them.

Disrespecting our soldiers who were killed or put their lives on the line for our freedom is wrong. Stealing memorials that name our soldiers is worse than disgraceful. They are robbing our history left for our young people who no longer are taught history in school. No one should be allowed to steal memorials (property they don't own) out of a cemetery they don't own. We veterans feel that they have disrespected our soldiers, our flag and those who died on attacks to our country. These memorials were donated without cost to the city possibility by out of town descendents of those buried there.

We veterans are asking that The Warren Village Commission simply acknowledge that these memorials are not a threat to anyone, harm no one, honor our Warren Soldiers many of which are buried in Warren Union Cemetery which has lots of room for them and does so without cost to the city. We also ask that the people who removed them without public notice or the vote of The Village Commission simply return them without cost to the city. This will also avoid costly and ugly legal battles supported by hundreds of veterans over the improper removal (grand larceny) and disrespecting of our soldiers. This simple and cost free action would make The Warren Village Commission heroes to thousands of Warren children, and veterans who look to them to preserve our Warren Village Historical and American Heritage to future generations.

Another way to look at this is that it was a big mistake by these two people. They have the opportunity now to rectify the mistake by returning the memorials. Respect our Warren soldiers and those who died by allowing their names to be seen without cost and honored on these granite stones in their home town Warren Village. This also fulfills the

missions of The Warren Historical Commission, the society and Village Commission to preserve our history and educate future generations.

But if they choose to disrespect our soldiers and veterans and those who died defending our freedom and on attacks on our country let it be known that we will mount a campaign against those few disrespectors and there are hundreds of us. And we veterans are not going to allow men and women who died to be disrespected and their history stolen from our local cemetery. Attention attorneys we are looking for attorneys who are willing to help us fight this cause. We are willing to do fund raising to pay you. We are looking for banks or organizations who are willing to accept donations directly to them for this cause. None of us is to accept funds rather they are to go directly to the banks. History will note whether these disrespectors of those who died for our freedom shall be known as the Warren "Hysterical" grave robbing society, or shall be known as Historical Heroes who preserved our American Heritage, educated future generations and respected our soldiers.

ARNOLD PFC. JAMES L. 21 KILLED IN IRAQ WAR 15-Mar-2007

Arnold Wesley E Prof AA BA MA +... U.S. Army Veteran, humanitarian, historical researcher and humble historian who researched a multiple 70+ volume history of the Warren and Center Line Area and many other books. He was a college professor. His research is seen in several other author's books including that of the Warren Historical Society. He did some Doctoral work on languages and researched over 80 books. He was a US Army veteran who usually wore a U.S. Army Veteran cap with a US Flag on it and a patch that stated "Remember 9-11." He was a Firemen with Center Line Fire Department late 1960s-early 70s, a Scouter, American Red Cross volunteer, Social Worker, First Aid Instructor, and Disaster Worker. As a concerned citizen he raised awareness of issues of importance to citizens. He stood up against a local terrorist cell at the risk of his life. He helped many students and others. He probably had done more research into Warren history than anyone else. He gave away his printed history books for free over many years and also published most of his books on his website macombhistory.us and domostgoodforall.info where people could see and print any page, book or any or all of thousands of pictures themselves. He was the only member on the Warren Historical Commission who objected to the stealing of the Unknown Soldier Memorial, the memorial listing our soldiers buried at Warren Union Cemetery and those who served or have no stone listing them, the Children's Memorial, the memorial to all citizens firefighters who died in attacks on our country, and several other memorials. He

stated that the people who had ordered the children's memorial had quoted him on it and he wished that they had not quoted him on it as he felt it detracted from the message honoring the children and pioneers who had no markers. He stated that he felt that the only marker that should have his name is one listing him as a soldier. His own headstone is at Forest Lawn Cemetery but he has asked that his ashes be sprinkled at Warren Union Cemetery where he did so much research. He stated that this would give Warren Union Cemetery a span of soldiers from 1850 to the 2000s. He felt we should honor all those who served our country and who died on attacks on our country and despised the stealing of these memorials.

Donated materials to the Bentley Library at U or M and other libraries. Helped found the Polish American Historical Society. He wrote Poles together: Leo Krzycki and Polish Americans in the American Labor Movement in 2001, and Leo Krzycki and the Detroit Left in 2001, and Col. P W Norris - Yellowstone's Greatest Superintendent in 1995 which described the Village of Norris where the Binkowski family lived. Served as Judge of the 37th District Court in Warren for 18 years and was on the Warren City Council as Mayor Pro-Tem 1965-1968. His

earlier life was spent in Detroit where he was born, graduated from Pershing High School in 1947, graduated from the U of M in 1957, served in the Korean War and graduated from Wayne State Law School in 1956. He was also an Assistant Michigan Attorney and a delegate from Detroit/Hantramck on the 1961-1962 Michigan Constitutional Convention. COLE WILLIAM L Born March 1840 (NY) Enlisted in 23 Independent Battery, New York Light Artillery, Nov 23, 1861 at Niagara County NY for 3 years at age 22. Mustered Nov 25, 1861. Re-enlisted Jan 1, 1864. Mustered out July 14, 1865 at Fort Porter, Buffalo, NY. According to special veteran census of 1890, this veteran suffered from diarrhea as a result of service in war. In addition this veteran's soldiers home record indicated that he suffered from some level of deafness also. This veteran died in the Soldiers Home, Grand Rapids, MI. D 1927. A memorial with his name on it and 29 other soldiers was stolen by the Warren Hysterical grave robbing gang in 2011 without just cause. They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwards. This shows disrespect to our soldiers and those who died including 400 policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details.

Conant Street was named after the early settling family with the same name. Shubael Conant was the first person to legally buy much of southern Warren. He was a Detroit merchant. He of course resold all of his land in southern Warren for a profit. Much of this land was very wet some of the year. He was also an abolitionist and a Detroit Fire inspector.
