M.A. Historical Researcher

In this Who's Who are listed young men and women. our brothers and sisters who have given their lives to preserve human rights and freedom around the world. We honor their memories and service. Some of them died in attacks as did over 3000 innocent Americans in the 2nd WTC attack on 9-11 (the 1st was 2/26/93). Many more have been killed in additional attacks such as Boston massacre, mall bombers, road bombers, aircraft bombers etc. Remember the under-wear bomber over Detroit. (If his bomb hadn't fizzled hundreds in Detroit Area may have been killed.) Why have there been thousands of attacks (see Attacks in USA for actual list of attacks) on innocent people since 9-11 all over the world virtually all by members of the Terrorist Religion? This is an ideology which has been proven by their actions to be a growing threat to us, is anti human rights, anti equal rights for women, and anti US Constitution. Don't take our word for it just look at their actions in other countries. See for yourself at <http://www.thereligionofpeace.com/> Stop the killing. Stop the bombing. Stop the abuse of women. Stand up for freedom of speech and our Constitution. This is historically significant. Saving the lives of our children is important.

Old families are listed on pages 6000-7999.

Hundreds of graves are now unmarked at Warren Union and St Clement Cemeteries and many stones are unreadable. Please help Historian Wesley Arnold identify these. Hundreds are children. If you have relatives buried there please contact me at wecare@macombhistory.us while there are still people alive that have some knowledge

of who is buried there. These will be saved and published in libraries, and on this free website where anyone can see and print any item in my histories.

The following message from the grave stands out.

**DO GOOD WHILE YOU STILL CAN,
BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,
as I am now you soon will be, prepare thyself to follow me,
USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

METRO JOSEPH PRIV K 8 MI Inf. 2/1863 5/1863 Warren Civil War, A memorial with his name on it and 29 other soldiers was stolen by the Warren Hysterical grave robbing gang in 2011 without just cause. They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwards. This shows disrespect to our soldiers and those who died including 400

policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details.

Miller Arthur, Jr. Warren Council 1971-1976, Warren Mayor Jan 1 1957 1959-1961 As the guiding hand for a very distinguished Warren family, Arthur J. Miller left his mark all over the city before his early death in 1964 at the age of 42. Serving from 1949 as Justice of Peace, through the years of 1949-1956 as Supervisor of Warren Township and the shortened life of the Charter Township of Warren, he made his superb reputation as a governmental leader and master politician in a non-partisan environment. He built a team of supporters admired by all of his losing opponents, and was easily accessible by citizens with special problems. He effectively worked to get a bond issue passed that supported the building of a municipal building, DPW garage, fire stations and a state-of-the-art wastewater treatment plant. Mr. Miller was in the lead when actions were needed to install the huge storm drains required to alleviate road and basement flooding (using the County Drain Commission as the mechanism to involve other communities that also benefited to pay proportionate costs).

Miller Park located at Masonic Road and Regal Drive was named for Arthur J. Miller who was one of the youngest officials in the history of Warren. He was first elected as

Justice of the Peace in 1947 at the age of 26. In 1949 he was elected Supervisor of Warren. He was re-elected in 1951, 1953, 1955 and then became the new City of Warren's first Mayor in 1957. He was re-elected Mayor in 1959, and then moved up to Macomb County clerk in 1961. He served in this position until he died in 1963. He was only 43 years old. "His leadership was the primary factor in uniting Warren into a City." According to Gerald Neil.

Miller, Arthur J. Sr The Arthur J. Miller park was named after him. The Warren
Library dedicated Feb 1971 located first on Thirteen Mile at Cousino Drive and moved

to the Warren Community Center on Arden was named after him.

Miller, Arthur J. Sr. Warren Justice 1947-48, Supervisor 1949-50, 1951, 1953-54, 1955-56 Also from the old timers I have talked to they all say Art Miller was a fine mayor. Warren Mayor Jan 1 1957 1959-1961 As the guiding hand for a very distinguished Warren family, Arthur J. Miller left his mark all over the city before his early death in 1964 at the age of 42. Serving from 1949 as Justice of Peace, through the years of 1949-1956 as Supervisor of Warren Township and the shortened life of the Charter Township of Warren, he made his superb reputation as a governmental leader and master politician in a non-partisan environment. He built a team of supporters admired by all of his losing opponents, and was easily accessible by citizens with special problems. He effectively worked to get a bond issue passed that supported the building of a municipal building, DPW garage, fire stations and a state-of-the-art waste water treatment plant. Mr. Miller was in the lead when actions were needed to install the huge storm drains required to alleviate road and basement flooding (using the County Drain Commission as the mechanism to involve other communities that also benefited to pay proportionate costs). It is generally agreed that his greatest accomplishments were related to how he guided the growth of the township into its birth as Macomb County's number one city. He took risks in urging that a charter township be formed and worked hard to make it happen while serving as supervisor. This change enabled Warren to lay the groundwork for transition to a municipality by organizing the basic infrastructure (both personnel wise and in building and utilities) to support industrial expansion and residential development. The Mayor was able to maintain good relations with Council to do these things, and he made certain that competent department heads in his administration were in place to make things happen when required. Art became Macomb County Clerk and he died still holding that office in 1964 at the age of 42. Paraphrased from Gerald Neil's Diary of a Politician. Fred Gemmill Quotes Gerald Neil in our Warren Historical 2006 recognition booklet "It just might have been that Warren would have prospered as it did had there been no Art Miller, but I'll never believe that.

He not only led us out of the mud of the 1940s, he named the goals we should aim for and convinced enough leaders so that his dreams were carried on long after he died.: And those dreams are still being realized to this day! (Fred Gemmill.)

A memorial with his name on it and 29 other soldiers was stolen by the Warren Hysterical grave robbing gang in 2011 without just cause. They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwards. This shows disrespect to our soldiers and those who died including 400 policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details. Need More Information

Moravian Christian Indians had built by 1786 the first inland road in Michigan in order to carry their wheat to the mill on Tremble Creek. It ran 23 and one half miles from what is now Southwest Mt. Clemens along the south branch of the Clinton River, along Red Run, then heading south along Bear Creek down what is now Sherwood, then Southeast along Connor which was along Tremble's Creek now Connor's Creek to Tremble's mill. It was at the point where ten mile road crossed this old trail road that Kunrod's corners was established which eventually lead to the creation of Center Line.

Mueffels Henry Father was assigned to St Clement church in 1858 through probably 1868. At that time the parish extended from Woodward to Jefferson and from Eight Mile to Fourteen Mile. But the closest Catholic church was actually Ascension at Gratiot and six Mile Road. The record keepers one of which may have been him did not particularly strive to keep records in a clear readable form. When I transcribed the St Clement records many years ago it was not uncommon to have to spend many minutes trying to decipher names. They were particularly negligent in making the first letter of the name readable.
