Hundreds of graves are now unmarked at Warren Union Cemetery and many stones are unreadable. Please help Historian Wesley Arnold identify these. Hundreds are children. If you have relatives buried there please contact me at wecare@macombhistory.us while there are still people alive that have some knowledge of who is buried there. These will be saved and published in libraries, and on this free website where anyone can see and print any item in my histories.

The following message from the grave stands out.

**DO GOOD WHILE YOU STILL CAN,
BEFORE ITS TOO LATE.**

Behold and see as you pass by, as you are now, so once was I,

as I am now you soon will be, prepare thyself to follow me,

USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.

Many of these epitaphs cannot be read because of weathering or because some may have been ripped out by Warren's Hysterical grave robbing society. Any memorial they do not like they just rip out. Note that in nearly 170 years families could place memorials to loved ones without fear of someone stealing them out of Warren Union Cemetery. That changed in 2011.

How would you feel if your brother was killed at 19 and someone ripped out the only memorial that had his name on it.

The gang now has ordained themselves cemetery gods and have written rules that allow them to rip out without public hearing any memorial they don't like. And they have ripped out **several** memorials which they did not own without just cause from Warren Union Cemetery which they do not own. They have stolen the only granite records of many of Warren area soldiers. A Warren man who put his life at risk deserves at the least to have his name on a granite memorial which may be his only historical legacy. Thousands of soldiers died and to have their only memorial ripped out by those to whom they died to give freedom to goes beyond insult and disrespect and borders on treason. We veterans condemn these actions.

Much of our history including the story of many of our Warren boy soldiers has been lost due to just not being written down. Why do I call them boys. Well just look at

the ages that most of our soldiers were when they were killed. Many were in fact still in their teens.

Several other memorials are now missing which we do not have pictures of. According to the Warren Police, WWJ and Macomb Daily officers of the Warren Historical Society are behind the robbing of the above from graves at Warren Union Cemetery

According to the Warren Police, WWJ, and Macomb Daily officers of the Warren Historical Society are behind the stealing of at least 5 expensive memorials from Warren Union Cemetery. They do not own the cemetery or the markers, They did this secretly without just cause, without a public hearing, without notification to the membership, or vote of membership or Warren Village Commission or City Council or even property owners.

They robbed Warren's Unknown Soldier memorial from a grave and they stole a memorial that listed Warren soldiers who are buried there. **This was the only memorial showing the names of these soldiers. Nothing was found wrong with these memorials in a later public meeting** And they stole the memorial to all veterans and to

those who died on attacks on our country (many families were affected by Pearl Harbor) and 9-11 (including over 400 policemen and firemen among the 3,000 killed) and they stole another that stated what our flag stood for and yet another that honors those many children and pioneers buried there without markers. **These memorials were causing no harm. There is lots of room for them. They posed no threat. There is nothing disrespectful or wrong about these memorials.** The memorials were there to honor men who died and to educate visitors especially young people who no longer learn about history in school. The Hysterical grave robbing gang actually has a written plan to steal more markers they do not like, without public notice, and several more markers are now gone including an expensive family's epitaph robbed from a grave.

We veterans who survived wars speak for the soldiers buried there. Many veterans went through hell, were wounded, saw friends die, heard the pain filled screams of mortally wounded men, put friends body parts into body bags, accompanied friends caskets home. We served our country with honor and integrity. We feel it is wrong to steal soldiers memorials and especially ones which show soldiers honored service to future generations for whom they fought and died. They at least earned their name on a granite memorial and this grave robbing gang has no right to steal soldiers memorials they don't own out of our cemetery. Now visitors including young people will not be able to see who these soldiers were. Now many of our soldiers have no marker at all because the only one they had was stolen.

It appears that the persons who did this are now so ashamed of their actions they are now trying to blame others. This was not an action by the historical society rather just two persons. The membership or public had not been informed and The Village Commission did not vote on this.

Taking property that is not yours is called stealing and when it is worth several thousand dollars it is grand larceny. It has been over a year and they have not returned or replaced them.

Disrespecting our soldiers who were killed or put their lives on the line for our

freedom is wrong. Stealing memorials that name our soldiers is worse than disgraceful. They are robbing our history left for our young people who no longer are taught history in school. No one should be allowed to steal memorials (property they don't own) out of a cemetery they don't own. We veterans feel that they have disrespected our soldiers, our flag and those who died on attacks to our country. These memorials were donated without cost to the city possibly by out of town descendants of those buried there.

We veterans are asking that The Warren Village Commission simply acknowledge that these memorials are not a threat to anyone, harm no one, honor our Warren Soldiers many of which are buried in Warren Union Cemetery which has lots of room for them and does so without cost to the city. We also ask that the people who removed them without public notice or the vote of The Village Commission simply return them without cost to the city. This will also avoid costly and ugly legal battles supported by hundreds of veterans over the improper removal (grand larceny) and disrespecting of our soldiers. This simple and cost free action would make The Warren Village Commission heroes to thousands of Warren children, and veterans who look to them to preserve our Warren Village Historical and American Heritage to future generations.

Another way to look at this is that it was a big mistake by these two people. They have the opportunity now to rectify the mistake by returning the memorials. Respect our Warren soldiers and those who died by allowing their names to be seen without cost and

honored on these granite stones in their home town Warren Village. This also fulfills the missions of The Warren Historical Commission, the society and Village Commission to preserve our history and educate future generations.

But if they choose to disrespect our soldiers and veterans and those who died defending our freedom and on attacks on our country let it be known that we will mount a campaign against those few disrespectors and there are hundreds of us. And we veterans are not going to allow men and women who died to be disrespected and their history stolen from our local cemetery. Attention attorneys we are looking for attorneys who are willing to help us fight this cause. We are willing to do fund raising to pay you. We are looking for banks or organizations who are willing to accept donations directly to them for this cause. None of us is to accept funds rather they are to go directly to the banks. History will note whether these disrespectors of those who died for our freedom shall be known as the Warren "Hysterical" grave robbing society, or shall be known as Historical Heroes who preserved our American Heritage, educated future generations and respected our soldiers.

They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwards. This shows disrespect to our soldiers and those who died including 400 policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details.

Miller Arthur, Jr. Warren Council 1971-1976, Warren Mayor Jan 1 1957 1959-1961 As

the guiding hand for a very distinguished Warren family, Arthur J. Miller left his mark all over the city before his early death in 1964 at the age of 42. Serving from 1949 as Justice of Peace, through the years of 1949-1956 as Supervisor of Warren Township and the shortened life of the Charter Township of Warren, he made his superb reputation as a governmental leader and master politician in a non-partisan environment. He built a team of supporters admired by all of his losing opponents, and was easily accessible by citizens with special problems. He effectively worked to get a bond issue passed that supported the building of a municipal building, DPW garage, fire stations and a state-of-the-art wastewater treatment plant. Mr. Miller was in the lead when actions were needed to install the huge storm drains required to alleviate road and basement flooding (using the County Drain Commission as the mechanism to involve other communities that also benefited to pay proportionate costs).

Miller Park located at Masonic Road and Regal Drive was named for Arthur J. Miller who was one of the youngest officials in the history of Warren. He was first elected as Justice of the Peace in 1947 at the age of 26. In 1949 he was elected Supervisor of Warren. He was re-elected in 1951, 1953, 1955 and then became the new City of Warren's first Mayor in 1957. He was re-elected Mayor in 1959, and then moved up to Macomb County clerk in 1961. He served in this position until he died in 1963. He was only 43 years old. "His leadership was the primary factor in uniting Warren into a City." According to Gerald Neil.

Minda Frederika built a log cabin in 1843 on Nine Mile Road near Ryan. In the 1970's it was moved across from the Bunert farm and later to the historic park along the Red Run Creek just east of Mound. A few years later vagrants or vandals set it on fire. The same fate happened to the old train station at Chicago Road and the NYC railroad tracks.

They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwards. This shows disrespect to our soldiers and those who died including 400 policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details.

Moravian Christian Indians had built by 1786 the first inland road in Michigan in order to carry their wheat to the mill on Tremble Creek. It ran 23 and one half miles from what is now Southwest Mt. Clemens along the south branch of the Clinton River, along Red Run, then heading south along Bear Creek down what is now Sherwood, then Southeast along Connor which was along Tremble's Creek now Connor's Creek to Tremble's mill. It was at the point where ten mile road crossed this old trail road that Kunrod's corners was established which eventually lead to the creation of Center Line.

Murthum family was a pioneer family who settled in the area of the Warren Village.

Murthum Street was named after the Murthim family.

Murthum The House located at 5820 Murthum was built in 1895. This is a combination Greek Revival and Queen Anne (noted for gables, dental moldings, fish scale shingles and fretwork) design. Several acres of land were used for the William Murthim School which was also known as Victory School.
