

Attacks on USA soil

When scientifically minded persons such as myself present the truth we are often ridiculed by those uninformed and ignorant. This was true of Galileo and Kepler and many other scientists. No I am not a great scientist just one seeking the real truth not political correctness. Too many of us veterans have already died fighting this ideology of female subjugation, hate and world domination already. I will not sit back and not bring the truth to your attention while our young men and women have been and are still being killed by them. Humanitarian aid workers, Red Cross workers, journalists and thousands of innocent Americans have been beheaded or otherwise killed by them in other parts of the world. Members of one ideology are the world leaders in the killing of innocent people. Look below to see who they are. I ask them simply to stop the killing and behave like decent human beings. Here is actual proof for those who take the side of the terrorists.:

Americans killed by radical Muslims on and after 9/11 Thousands

Muslim-Americans killed "in revenge": only 1. He was killed by Mark Stroman who was later sentenced to death. "The same cannot be said of many Muslim terrorists such as Lockerbie bomber, Abdelbaset Al Megrahi, who not only have sanctuary in Muslim countries, but are often treated as heroes by devout followers of Muhammad.

Of course, 9/11 was neither the first nor the last time that Muslims have killed Americans on U.S. soil in terror attacks. In fact, since that day, Muslims have killed at least 62 people in 40 separate acts of terrorism in the United States (by the standards that Muslim-American groups set for hate crimes). Perhaps more importantly, **there have been plenty of mass murder plots against Americans by Islamic terrorists that were thwarted by the FBI, law enforcement and overseas intelligence operations both before and after 9/11, as well as several that were simply botched, such as the attempt to blow up Times Square.**

By contrast, Muslim-Americans do not appear to be in any special danger from murderous (non-Muslim) religious fanatics, even in a nation awash in firearms. Identity groups, such as CAIR, whine incessantly about relatively trivial incidents while turning a blind eye to the horrible violence that is meted out daily in the name of their religion. This distasteful petulance offers insight not only into the character of Islam, but also the America's impressive religious tolerance.

For anyone wondering about the history of deadly Islamic terror on American soil in the last 40 years, here's what we could find:" Source TheReligionofPeace.com
